LINKEDIN | HACKERRANK | GITHUB | PORTFOLIO

EDUCATION

MANGALAM COLLEGE OF ENGINEERING
COMPUTER SCIENCE AND ENGINEERING BTECH

july 2022 - july 2026
Kottayam

IHRD TECHNICAL HIGHER SECONDARY SCHOOL
COMPUTER SCIENCE PLUS TWO

2020 - 2021
Mallappally

EXPERIENCE

QTRENS | FOUNDER AND CTO

kerala,kottayam | February 2025 – Present

Building full stack solutions for clients and internal products
skilled in React,Nodejs,firebase,vercel

FIVERR | FREELANCER

July 2021 – 2023

Experienced in web development and 3D modeling with Blender

NEST CYBER CAMPUS | PYTHON INTERNSHIP

Aluva,Ernakulam | May 2023 – May 2023

Gained hands-on experience in Python programming, focusing on real-world problem-solving and application development.

SKILLS

PROGRAMMING LANGUAGES

java, python, javascript, bash

LIBRARIES/Frameworks

React, nodejs, expressjs, threejs, firebase

TOOLS / PLATFORMS

git, vim, vscode, postman

DATABASES

mongodb, sqllite, indexeddb

PROJECTS / OPEN-SOURCE

FILE INFO FOR LINUX | [Link](#)

C

Developed a command-line tool in C for extracting detailed information about files on Linux systems.

MY SOCIAL MEDIA APP | [Link](#)

JavaScript

Built a basic social media platform using React for the frontend and Firebase for real-time database and authentication.

QR CODE ATTENDANCE | [Link](#)

JavaScript, Python

Designed a QR code-based attendance system using JavaScript for front-end and Python for backend processing.

SIGN LANGUAGE TRANSLATOR | [Link](#)

Python, react,express

Created a sign language translation tool that leverages Python for AI-based gesture recognition, React for a responsive interface, and Express for backend

AI POWERED SERVICE ROBOT DOG | [Link](#)

arduino

Created an interactive AI-powered robot dog using Arduino, equipped with sensors and AI algorithms to recognize and respond to voice commands.

PHARMACY APP | [LINK](#)

React native, Express, Sqlite

Utilized React for the frontend, Express for server-side operations, and SQLite for database management, ensuring seamless performance and easy inventory tracking

LINUX SHELL AUTOMATION

bash

Developed a Bash script to automate the organization of files in an Arch Linux environment. The script sorts files from the Downloads directory into custom folders

QRESUME | [LINK](#)

Nodejs, react, razorpay, firebase

Qtrens is more than just a resume builder. Our platform combines modern design principles with industry insights to help you create resumes that impress recruiters and pass Applicant Tracking Systems (ATS).

CERTIFICATIONS

- React - **HACKERRANK**
- Java - **NPTEL**
- KSCSTE TECH FEST - Kerala State Council For Science Technology & Environment.

HONORS & AWARDS

- State level Animation at kerala startup mission
